

Quarantine - The Soldier's Song

Lightweight Touring Version 1 – Road Transit.

Quarantine to provide:

- 1 x PC based computer with keyboard / mouse etc in Flightcase
 - 1 x Touchscreen with USB cable & PSU
 - 1 x 42" TV with VGA input & Stand
 - 1 x Tapco Mix 60 mixer and Audio cable from computer
 - 1 x Small Tapco powered sound system for above
 - 1 x Blue XLR microphone cable
 - 1 x Shure SM58 microphone on Stand
 - 1 x Dimmable light on a stand
-
- All Quarantine equipment carries a current PAT test certificate.

The Venue should provide:

- A space dedicated to the piece that has **no other use during the duration of the installation**. It should be a minimum of 2.5m x 2.5m and ideally not significantly larger than this. **It must have a door that can be shut**. This space must be secure when the installation is not running. It must be accessible for one wheelchair user at a time.
- Whilst it is not essential that the room is sound proofed any sound leak into the booth must be kept to an absolute minimum.
- The installation must have a dedicated usher at all times it is in operation. It will require a technician to be responsible for powering up and shutting down each day.

Staffing etc:

- Quarantine will provide a technician to set up the space. The venue should provide 1 x technician to assist, this technician will be trained to power the installation up and down etc. The installation will take approx 4hrs to set up and 2 hours to take down.
- Parking for small Transit Connect type van.
